NAVIGATING THE VIRTUAL PLATFORM

How do I navigate the Virtual Job Fair Canada? What are the primary areas of a Virtual Platform?

Every virtual platform is unique; there are some features that are consistent to all environments.

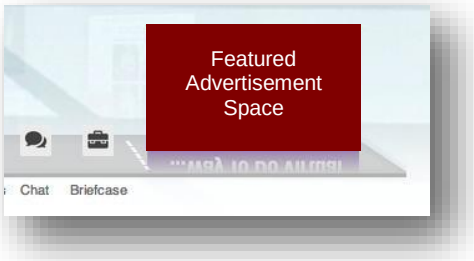

Navigation and Registration Profile

It's easy to find your way around the environment. The Navigation Bar, always located at the bottom of your screen, gives you direct access to all areas of the environment, all chat options and a complete attendee list. Simply click on the icons to access a room, content or to complete an action.

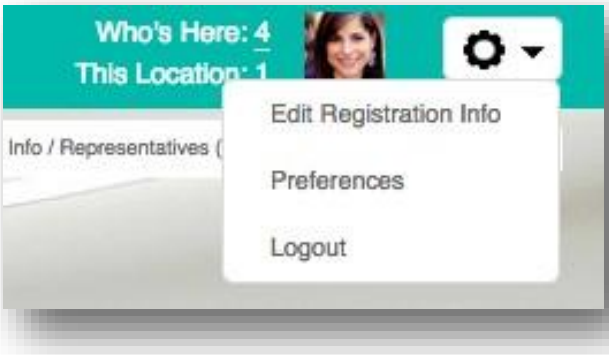

You can also navigate the environment by clicking on the various signs, icons and images in the different Virtual Rooms and Virtual Spaces.

- *Virtual Room = Booth Space*
- *Virtual Space = Exhibit Halls, Lobby & Auditorium.*

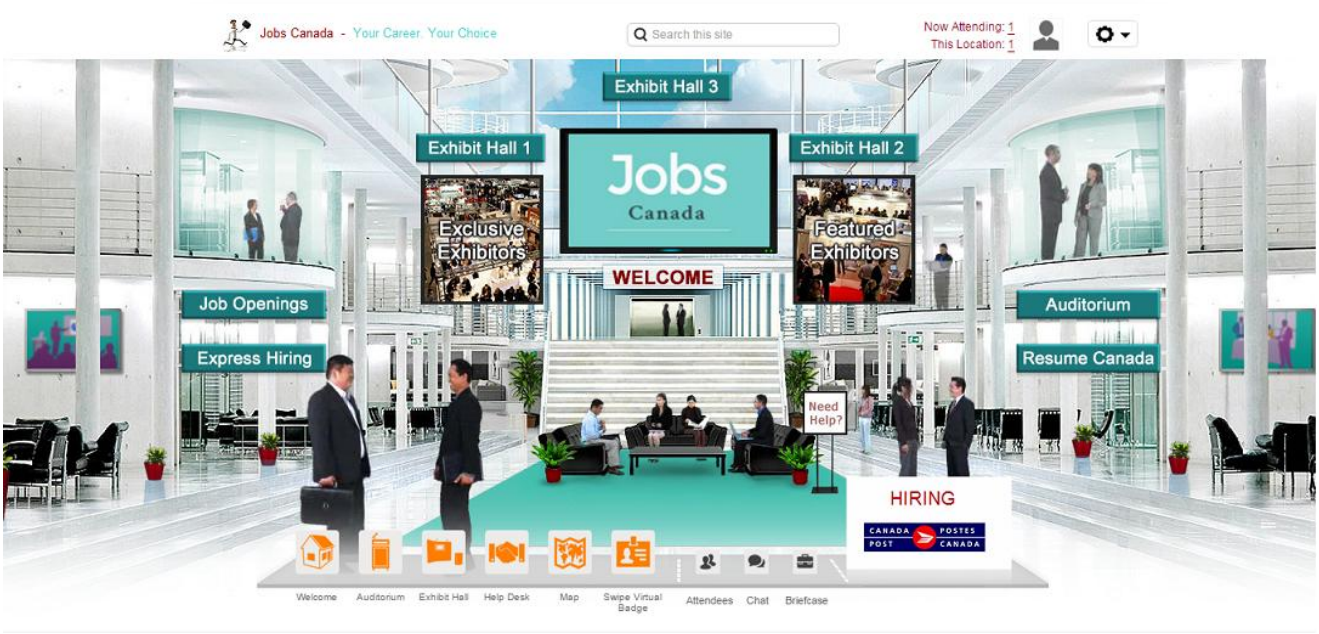

Your registration details and preferences can be easily accessed and edited by clicking the settings icon in the upper right of your screen. You can also view who is in the virtual platform and who is in your current booth location by clicking "Who's Here" or "This Location" by your profile image.

Virtual Spaces

- LOBBY – The Lobby is your primary entry point and your "home base" for the environment. If you ever get lost or are not sure where to go next, head back to the Lobby, where you'll find clear signage for all the other locations.

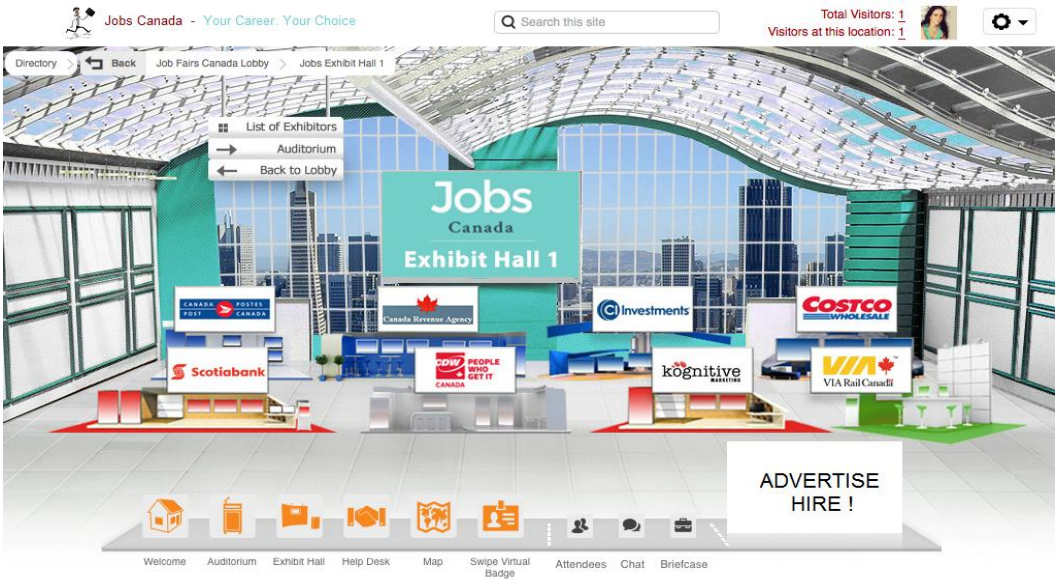

- AUDITORIUM – The Auditorium is where you'll find the "main stage' presentations. In a live environment, this is typically where the keynotes and other primary agenda sessions are found. You can also visit the Auditorium to browse what's available on-demand and to view at your leisure.
